Subject: Survey Results

Members,

I want to thank everyone for taking time to respond to our survey on the Reassignment/Redeployment process.

As promised, I am sharing the attached survey results with all of you.

217 persons responded with 60% preferring some type of process over the language for reassignments and layoff as described in the MOU.

Management is already redeploying staff with an alternative process and the BU's are providing feedback on that process to Sr. Management.

Please keep me updated on any information that you hear or experience (positive and negative) regarding the ongoing process(es).

I will keep continue to keep the communication open on this end as well

Thank you

Donna Howe
 EA President

EA Survey - Redeployment
